

October is Domestic Violence Awareness Month!

This year, the Iowa Coalition Against Domestic Violence (ICADV) needs your help to bring the issue of domestic violence out of the dark and into the light for victims and survivors of domestic violence.

During the month of October, replace an outdoor light at your home, office or agency with a purple light bulb to show your support for victims and survivors of domestic violence.

Make sure to take a picture and send it to lindsay@icadv.org to share on ICADV's social media sites and organization's webpage. For a full list of ways to get involved with Domestic Violence Awareness Month, visit www.icadv.org.

Questions? Contact Lindsay Pingel, director of Community Engagement at lindsay@icadv.org.

Together, we can prevent domestic violence in Iowa.
